

## Critical Information Summary

### Biz Unlimited- NBN Unbundled 25

#### Information about the service

##### Description of the service:

This is a high-speed Internet which is delivered over the National Broadband Network (NBN) with broadband line interface speeds of 25Mbps (download) and 5Mbps (upload). However, the actual service speed you experience depends on a number of factors, including your equipment, the number of end-users using the service, and the applications that you are using.

NBN is an initiative of Australian government to provide fibre to the home or building. NBN is only available to the customers covered under NBN's footprint.

##### Bundling Arrangements:

It is not mandatory to bundle NBN Fibre plans with a phone line.

##### Hardware requirements:

You will need a NBN compatible modem which is included in this plan. A modem delivery charge of \$19.95 will be applied. Please ensure to notify us if you use equipment such as medical services, back to base alarm or disability service. Some equipment may not be compatible with our services. It is suggested that you discuss your present equipment with our customer service team and they will be able to tell you if it's not compatible.

##### Minimum Term:

24 months

##### Blisstel Service availability:

Blisstel NBN Services are not available in all areas or premises. There may also be technical or commercial reasons that affect our ability to connect a service at your address. To check your serviceability please contact our customer service team at **1300 254 777**.

##### Value Added Services/Special Promotions:

This summary does not include any value added services or any special promotions that you may have selected.
