- Your personal information will be provided to a 3rd party for assessment of finance eligibility if applicable, if your application is successful, you may need to sign a finance agreement with the finance company.

 If you are switching from another supplier/carrier to NetCube, you must inform your existing provider and meet any relevant cost and terms associated with the switch of services such as early termination fee if you are still in contract.

 If you are connecting a new line, please note that we are unable to confirm DSL eligibility until your new phone service is connected. In the event that your chosen broadband service is not available then we will contact you to discuss your options. Any costs such as phone line connection fees, line rental and usage charges may still apply for the duration of the newly connected phone service.

 The delivered service will be subject to available ports, we will always ensure the fastest available port is provisioned [incl. ADSL2+ 6 ADSL].

 This form can be filled electronically, please email the completed signed form to sales@netcube.com.au. Alternatively a paper copy can be sent to our address.

 If you wish to acquire a NetCube Voice plan bundled with NetCube Internet, you agree to waive the rights and protections under Telecommunications [Customer Service Guarantee] Standard [the "CS6"]. It means you are not able to claim against NetCube for compensation under the CS6 in connection with the NetCube Voice service that you have acquired.

 For more details of product/service plans, please refer to Critical Information Summary of the specific service at http://netcube.com.au/legal/criticalinformationsummaries.

 Entertainment bundle customers are subject to approad of required finance amount.

 Minimum term of 3 months applies on all add-ons except for month to month service term.

- Minimum term of 3 months applies on all add-ons except for month to month service term.
 Minimum total cost does not include optional items for example: router and it's related delivery and add-ons.
